

# HELP HAITI

Help the Haitian survivors by purchasing a unique cookbook showcasing New Orleans homemade favorites, as well as a "New Orleans Chef" section which features great recipes from Chef Matt Murphy, Chef John Besh, Chef Brian Landry and many more!

*RHINO: Recipes Homemade in New Orleans* is a 400 plus page publication of recipes and tips that were collected from the employees, family and friends of Durr Heavy Construction. In case you do not know, Durr is a New Orleans based construction company that has been in business for over 55 years. Its specialties include site work, demolition, utilities, paving and disaster recovery. If you don't know the name, you may know the rhino logo!

The purpose of the cookbook is to raise funds for the Haitian earthquake victims via Catholic Charities. Durr will cover the cost of production, so 100% of the sale proceeds will go to the charity. The best part is you can help Haiti with a small \$20 donation and receive this great cookbook.

To order, please visit [www.DurrHC.com](http://www.DurrHC.com) ("Help Haiti" link) in order to purchase via PayPal® or complete the form below and mail it to the address listed at the bottom of this notice. What could be easier?
